

Vejledningsplan (Supervision Plan)

Master's Thesis

General Information

- **Working Title:** Corporate Visions of Artificial Intelligence in Higher Education: A Comparative Analysis of Strategic Narratives, Values, and Technologies.
- **Total Supervision Hours:** 10 hours.
- **Allocation:** 5 hours for contact/meetings and 5 hours for supervisor preparation (reading and feedback).

Supervision Schedule and Milestones

The following meetings are planned to ensure steady progress and timely feedback at critical stages of the project.

Meeting	Type	Est. Time	Goal / Milestone
Meeting 1	Initial	1.0 hour	Finalizing project description and methodological approach.
Meeting 2	Design	1.0 hour	Feedback on data collection strategy and corpus selection.
Meeting 3	Analysis	1.0 hour	Reviewing initial findings from topic modeling and knowledge graph.
Meeting 4	Review	1.5 hours	In-depth discussion of the first full draft (discussion/conclusion).
Meeting 5	Final	0.5 hours	Final wrap-up and polish before submission.

Agreement on Form of Contact

- **Preparation:** To ensure high-quality feedback, drafts or specific questions must be sent to the supervisor at least 3–4 working days before a scheduled meeting.
- **Primary Channels:** Conceptual and long-form discussions will take place via scheduled meetings (physical or Zoom). Brief administrative or urgent technical questions may be handled via email.
- **Feedback:** Feedback on written chapters will primarily be provided during the scheduled meetings based on the supervisor's prior reading.

Personal Work Plan Highlights

- **Month 1:** Literature review and finalization of theoretical framework.
- **Month 2:** Data scraping and corpus cleaning.
- **Month 3:** Computational analysis (Text mining and Topic Modeling).
- **Month 4:** Visualization (Knowledge Graph) and comparative analysis.
- **Month 5:** Drafting Discussion/Conclusion and final proofreading.
